ABOUT ME

Hello there!

I'm a programmer with a special interest in game and game engine development. I thrive working in a close-knit team and love to discuss ideas and solutions.

SKILLS

Programming Languages:

C++, C#, HLSL

Engines & Tools:

Unity, DirectX11, Custom
Engines, Qt 5

Testing & Version control:

Github, Perforce, Google Test

Soft Skills:

Teamwork, Presentation,
Communication, Feedback

INTERESTS

Computer Games

Board Games

Electric Bass

Music

WORK EXPERIENCE

Framework Developer

Hacksaw Studios | 2025 August - Present

- Maintain and extend the internal game framework used to build a wide range of casino-style games.
- Develop new features and tools to improve developer productivity and streamline game production.
- Collaborate closely with game developers.
- Ensure framework stability and efficiency through bug fixes, performance optimizations and workflow improvements.
- Work with a modern tech stack (Haxe, TypeScript, GitLab, Docker, AWS) with a focus on scalable and maintainable solutions.

C++ Developer

King (Microsoft Gaming) | 2024 August - 2025 April

Maintained and developed features for King's proprietary game engine in a team with a special focus on the editor and tools.

- Developed and maintained new and old engine features.
- Decreased build times of editor.
- Modern C++, smart pointers and TDD.
- Helped users with area specific questions.
- Ensured code stability using googleTest.
- Delivered presentations on project progress and results.
- Used cutting-edge AI tools

EDUCATION

Game Programmer

The Game Assembly | 2022 August - 2025 April

- Higher Vocational Education degree.
- Developed a game engine using C++ and DirectX11.
- 8 Game projects in multidisciplinary teams.
 - 4 in self-developed game engine.
 - 2 in Unity.
 - 2 in in-house engine.
- 3D Math and Linear Algebra.
- Software architectural skills.
- Custom tools.

OTHER MERITS

Student Representative

The Game Assembly | 2023 August - 2024 June

During my second year at The Game Assembly I was the student representative representing my class at The Game Assembly's advisory board meetings.
